This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Management as well as evaluating the overall presentation of the financial statements.

### Emphasis of Matter

We draw attention to

- a) Point No. 2 at Additional Notes to Accounts in Notes – 20 regarding non-provision of doubtful debts amounting to Rs. 519.71 lacs, as a result thereof the debit balance of profit & loss A/c gets understated by the said sum and correspondingly Sundry debtors is overstated by the said sum.
- b) The company has in past granted/ renewed loans and advances to certain parties which has been identified as non-performing asset. Accordingly company has not recognized any income from the same.
