Maharashtra

Dear Sir/ Madam,

Security ID: GNRL

Security Code: 513536

Sub: Disclosure giving operational update of drilling campaign by the Company & its Subsidiary

In accordance with Part B of Schedule III, read with Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and as part of our ongoing communication regarding the drilling campaign being undertaken by the Company, Gujarat Natural Resources Limited (GNRL), and its step-down subsidiary, GNRL Oil & Gas Limited (GOGL), we are pleased to provide the following update:

GNRL has successfully completed the fourth well, K#17, on Tuesday, 11th November, 2025, in the Kanawara Field. K#17 is an appraisal-cum-development well drilled to test and confirm the presence of hydrocarbons in a new fault block where no prior wells had been drilled.

We are pleased to inform that this well has encountered a 24-meter hydrocarbon zone and has established the presence of producible hydrocarbons.

This positive outcome reinforces the hydrocarbon potential of the field and is expected to enhance GNRL's oil and gas reserves base.

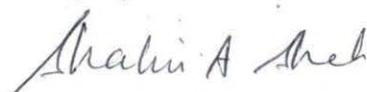

You are requested to take the above information on record.

We will continue to keep you updated on the progress of this significant initiative.

Thanking You.

Yours Faithfully,

For, Gujarat Natural Resources Limited

Shalin Shah
Managing Director
