Dear Sir/ Madam,

Security ID: GNRL

Security Code: 513536

**Sub: Disclosure giving operational update of drilling campaign by the Company & its Subsidiary**

In accordance with Part B of Schedule III, read with Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and as part of our ongoing communication regarding the drilling campaign being undertaken by the Company (GNRL) and its step-down subsidiary, GNRL Oil & Gas Limited (GOGL), we are pleased to provide the following update.

We are pleased to announce the successful completion of the third well, K#13, in the Kanawara field, which has now been brought into commercial production. With the addition of this well, the overall commercial production from the Kanawara field is expected to increase by 70-100 barrels of oil per day (BOPD).

The drilling and completion of Well K#13 experienced delays due to the extended monsoon season.

Currently, the drilling of the fourth well, K#17, is underway. The well has already reached a depth of 1,000 meters, with a target depth of 1,700 meters. Well K#17 is anticipated to be put into commercial production by the first week of November 2025.

You are requested to take the above information on record.

We will continue to keep you updated on the progress of this significant initiative.

Thanking You.

Yours Faithfully,

For, Gujarat Natural Resources Limited

Shalin Shah
